SUPER-CLEAN POWDER DETERGENT

Parts washers are an essential piece of equipment in the commercial and industrial manufacturing industry. They remove grit, oil and abrasive dust that may be left over from manufacturing which threatens the integrity of any coating or further treatment.

Utilization of an automatic parts washer will save time, money and man-power as well as ensure the excellence of the finished product.

Cuda detergents contain advanced formulas engineered specifically for use in aqueous parts washers. There are Cuda products for both automatic and manual parts washers. The Cuda advanced formulas include an exclusive multi-metal corrosion inhibitor package for rust-protection of all wetted surfaces.

The 90-day labor warranty for all Cuda parts washers is automatically extended to a 1-year labor warranty when Cuda detergents are used exclusively. Cuda parts washers are also covered by a 1-year parts warranty.
