55-Gal. Drum	Liquid Concentrate	8.907-306.0	9-32055

Dyna-Might™

Super Duty Degreaser

APPLICATIONS:

- Tractor-Trailers
- Engine Degreasing
- Farm Equipment
- Floors

Other applications: Heavy equipment, trucks, tanks, railroad cars, fork lifts, airport runways.

FEATURES / USER BENEFITS

■ High Dilution Ratio

Up to 128:1 means more economical cost-in-use

■ Biodegradable

Peace of mind that it's safe to use

■ Versatile

Works with hard or soft water

■ Fast Acting

Formulated to cut grease and suspend oils quickly

■ Deep Cleaning

Butyl-based blend with precise amount of sodium hydroxide delivers deep cleaning action

■ Corrosion Inhibitors

Helps prevent flash rusting

■ Phosphate Free

More environmentally acceptable; some municipalities ban the use of phosphates

A highly concentrated detergent with a precise amount of caustic engineered for removing grease, oil and even road film. Helps prevent rusting with Landa's exclusive, advanced corrosion inhibitors.

LANDA®

Another Top-Rated Detergent from North America's Largest Manufacturer of Industrial Pressure Washers

LABEL INSTRUCTIONS

Dyna-Might™ Super Duty Degreaser

HMIS RATING:

HEALTH: 2	Degree of Hazard: 4-Very high 3-High 2-Moderate 1-Slight 0-Insignificant
FLAMMABILITY: 1	
REACTIVITY: 0	
Personal Protection: B	

CONTAINS:

Water (7732-18-5)

Surfactants

Ethylene Glycol Butyl Ether (111-76-2)

Sodium Metasilicate (6834-92-0)

Technical Data

Color:.....Red-Orange

Odor:.....Glycol Ether

Density:8.98 lb/gal

pH (5% Solution):12.4

Boiling Point: > 212°F

VOC Content: ... 54 grams/liter

Solubility in Water:Soluble

Reactivity in Water: None

Melting Point:..... 32°F

Foam Level:Medium

Freeze Thaw Stable: Yes

Hard Water Stable: Yes

Insolubles:..... None

Shelf Life: 1-Yr Minimum
in closed container

Engineered Specifically for Pressure Washers with Landa's Exclusive Multi-Metal Corrosion Inhibitor Formula

SPECIAL FEATURES:

Dyna-Might™ is an extra-strength, highly concentrated, degreaser and vehicle detergent with the enhanced cleaning power of butyl and just enough sodium hydroxide to effectively clean trucks, heavy equipment, commercial vehicles and forklifts. Dyna-Might™ is biodegradable.

It is engineered specifically to be metered through a hot- or cold-water pressure washer. The dilution ratio makes the cost-in-use very economical.

Because it contains Landa's exclusive, multi-metal corrosion inhibitor formula, Dyna-Might™ is compatible with ferrous and non-ferrous metals and helps prevent flash rusting while cleaning.

Dyna-Might™ is ideal for businesses with heavy equipment, repair shops, sidewalks, parking lots, parts degreasing, exhaust tracks and sanitation facilities.

CAUTION:

Do NOT allow this product to dry on painted surfaces. Do NOT use on polished aluminum, magnesium wheels or galvanized metals.

Cannot Ship Via UPS

Si usted no puede leer inglés, antes de usar este producto pida a su supervisor que le dé instrucciones.

DIRECTIONS FOR USE:

Read Material Safety Data Sheet thoroughly before using this product. For general use in hot or cold water. Adjust dilution depending on severity of cleaning challenge.

Apply with a Hot or Cold Water Pressure Washer.

In cold water use at a dilution rate of 35:1. In hot water dilute up to 128:1 depending on severity of the cleaning challenge. Pressure washers use an injector and mix the detergent into the water spray at a rate of about 15:1. Consult your LANDA dealer for detergent metering specifications. When using a pressure washer, wash from the bottom up (applying detergent) and rinse from the top down.

DANGER:

Contains Sodium Hydroxide. DO NOT get in eyes, on skin or on clothing. DO NOT breathe vapor. USE ONLY WITH ADEQUATE VENTILATION. When handling wear chemical splash goggles, face shield, rubber gloves and protective clothing. Will cause eye and skin burns. DO NOT take internally. Harmful or fatal if swallowed.

FIRST AID:

EYES: Immediately flush with water for 15 minutes. Get medical attention immediately. **SKIN:** Immediately wash thoroughly with water. Get immediate medical attention. **INTERNAL:** DO NOT induce vomiting. Give large quantities of water or milk. Call a physician immediately.
