Graffiti Remover

Brick, Masonry and Concrete Cleaner

REMOVES GRAFFITI FROM:

- Brick
- Masonry
- Concrete
- Stone Surfaces
- Painted Masonry

Also works on mild steel, stainless steel, and some wood surfaces

FEATURES / USER BENEFITS

- **Highly Effective**
Removes graffiti from most surfaces
- **Fast Acting**
No extended soak time—Requires only 90 seconds for activation
- **Easy to Use**
Rinses easily from surfaces and cleaning equipment
- **Water Compatible**
Can be applied or reapplied to wet surfaces
- **Cost-Efficient**
Covers 50-100 square feet per gallon (depending on graffiti area, surface porosity and texture, and method of application)

An easy-to-use liquid graffiti remover designed for use on exterior brick, masonry and concrete surfaces. **Landa Graffiti Remover—Brick, Masonry and Concrete Cleaner** is deep penetrating and fast acting for effective and thorough loosening and easy removal of spray-paint graffiti.

Technical Data

Color Brown-red
 Odor Hydrocarbon
 Specific Gravity 0.90
 pH (neat) 14.0
 Boiling Point 172.4° F
 Vapor Density (Air=1) >1.0
 Solubility in Water Partially miscible
 Reactivity in Water None
 Flash Point 75.2° F
 Freeze Thaw Stable Yes
 Shelf Life 1-Yr Minimum
 in closed container
 Materials to Avoid Acids, strong
 oxidizing agents, ammonium compounds

SPECIAL FEATURES:

Landa Graffiti Remover - Brick, Masonry & Concrete Cleaner is an easy to use liquid graffiti remover, with deep penetrating action designed for use on brick, masonry, concrete, stone and painted masonry and stone surfaces. This unique product formulation re-liquefies and dissolves spray paint and marker tracks within seconds. No extended soak time is needed and Landa Graffiti Remover - Brick, Masonry & Concrete Cleaner can be re-applied to wet surfaces as needed, without waiting for drying first.

DIRECTIONS FOR USE:

Read Material Safety Data Sheet thoroughly before using this product. Wet the surface to be treated prior to the product application. Apply Landa Graffiti Remover - Brick, Masonry & Concrete Cleaner undiluted, directly onto area being treated using a chemical resistant garden type sprayer, a brush or a roller. Always test on a small area prior to product application. Allow 90 seconds for full activation then rinse-off treated area using a 2200 PSI pressure washer. Cold water is recommended although at cooler temperatures hot water is more effective. Repeat process as needed. Do not use on plastic, galvanized or non-ferrous metal surfaces.

CAUTION:

Do not take internally. Do not get in eyes or on skin and avoid breathing vapor or mists. Wash thoroughly after handling. For industrial/commercial use only.

Flammable liquid, keep away from heat, sparks and open flame. No smoking. Use only with adequate ventilation. Corrosive liquid, may cause burns. Wear safety goggles and chemical resistant gloves when handling. Wear NIOSH-approved respirator for organic vapor. Close container after use.

Do not mix with acids, strong oxidizing agents (e.g. bleach), ammonium compounds (e.g. window cleaners). Contains materials that may cause kidney and liver damage.

FIRST AID:

EYES: Immediately flush with water for 15 minutes. Get medical attention immediately.

SKIN: Wash thoroughly with mild soap and running water. Get medical attention if irritation develops. Remove contaminated clothing and wash prior to re-use.

INTERNAL: Do not induce vomiting. Get medical attention immediately. If inhaled, remove to fresh air.

**KEEP OUT OF REACH OF CHILDREN
FOR INDUSTRIAL USE ONLY
KEEP FROM FREEZING**
