

**Engineered Specifically  
for Pressure Washers**

Available in	Description	Stock #
5 Gal. Pail	Liquid Concentrate	9-27005
55 Gal. Drum	Liquid Concentrate	9-27055

**APPLICATIONS:**

- Tractors - Trailers
- Off-Road Vehicles
- Truck Wash Systems

*Other applications:  
Heavy equipment, trucks, floors,  
walls, building exterior, tanks,  
tanker trucks, railroad cars,  
buses, airport runways.*

**FEATURES / USER BENEFITS**

■ **Heavy-Duty Cleaning**

*A special blend of surfactants and the precise amount of sodium hydroxide delivers deep cleaning action and effectively removes carbon stack stain and magnetic road film*

■ **High Dilution Ratio**

*Up to 50:1 ratio means more economical cost-in-use*

■ **Biodegradable**

*Peace of mind that it's safe to use*

■ **Versatile**

*Works with hard or soft water*

■ **Fast Acting**

*Formulated to cut grease and suspend oils quickly*

■ **Corrosion Inhibitors**

*Helps prevent flash rusting*

# GrimeCutter™

## Brown Soap Off-Road Vehicle Cleaner

**EXCLUSIVE  
MULTI-METAL  
CORROSION  
INHIBITOR  
PACKAGE**

*An extra-strength degreaser with just enough caustic to clean vehicles effectively while displaying the properties and alkalinity of a non-caustic detergent. The brown color lets you see where you're cleaning. This product is biodegradable and contains no butyl. Excellent for cleaning carbon stack, but not advised for surfaces with a fine finish.*

*Kosher approved*

## Technical Data

Color ..... Brown  
Odor ..... None  
Specific Gravity ..... 1.07  
pH (5% Solution) ..... 11.5  
Boiling Point ..... > 212° F  
Vapor Pressure ... 23mm/hg @ 70° F  
Vapor Density (Air=1) ..... 1.2  
VOC Content ..... < 1 gram  
Solubility in Water ..... Soluble  
Reactivity in Water ..... Slight heat  
Melting Point ..... 32° F  
Foam Level ..... 250 ml  
Total Alkalinity ..... 2.5 ml  
Freeze Thaw Stable ..... Yes  
Hard Water Stable ..... Yes  
Insolubles ..... None  
Shelf Life ..... 1-Yr Minimum  
in closed container  
Materials to Avoid ..... Acids

*Engineered Specifically for Pressure Washers and Features  
Landa's Exclusive Multi-Metal Corrosion Inhibitor Formula*

### SPECIAL FEATURES:

GrimeCutter™ is an extra-strong degreaser with just enough caustic to clean effectively. In fact, it displays the properties and alkalinity of a non-caustic detergent.

GrimeCutter™ is biodegradable and contains no butyl. It is engineered specifically to be metered through a hot- or cold-water pressure washer and will rinse free at any temperature. It also contains Landa's exclusive, multi-metal corrosion inhibitor formula to prevent flash rusting.

GrimeCutter™ is ideal for cleaning inside or outside and is especially effective on truck trailers, rock hauling trucks and other vehicles that do NOT have a fine finish.

It will remove carbon stack stain and road film without the need for brushing. It can be used in drive-through truck washes.

### APPLICATION WARNING:

DO NOT allow this product to dry on painted surfaces. DO NOT use on polished aluminum, magnesium wheels, galvanized metals or fine automotive finishes.

**Cannot ship via UPS.**

**Si usted no puede leer inglés,  
antes de usar este producto  
pida a su supervisor que le  
de instrucciones.**

### DIRECTIONS FOR USE:

**Read Material Safety Data Sheet thoroughly before using this product.** For general use in hot or cold water. Adjust dilution depending on severity of cleaning situation.

### Apply with a Hot or Cold Water Pressure Washer.

Apply at a dilution rate of 50:1. Pressure washers use an injector and mix the detergent into the water spray at a rate of about 15:1. Consult your Landa Dealer for detergent metering specifications. When using a pressure washer, wash from the bottom up (applying detergent) and rinse from the top down.

### DANGER:

Contains Sodium Hydroxide. DO NOT get in eyes, on skin or on clothing. DO NOT breathe vapor. USE ONLY WITH ADEQUATE VENTILATION. When handling wear chemical splash goggles, face shield, rubber gloves and protective clothing. Will cause eye and skin burns. DO NOT take internally. Harmful or fatal if swallowed.

### FIRST AID:

**EYES:** Immediately flush with water for 15 minutes. Get medical attention immediately.

**SKIN:** Immediately wash thoroughly with water. Get immediate medical attention.

**INTERNAL:** DO NOT induce vomiting. Give large quantities of water or milk. Call a physician immediately.

**KEEP OUT OF REACH OF CHILDREN  
FOR INDUSTRIAL USE ONLY  
KEEP FROM FREEZING**
