

**Engineered Specifically  
for Pressure Washers**

Available in	Description	Stock #
40 lb. Pail	Powder Concentrate	9-65040
400 lb. Drum	Powder Concentrate	9-65400

# L-9115

**All-Purpose Powder Vehicle Cleaner**

## APPLICATIONS:

- Trucks
- Automobiles
- Car Wash Systems

*Other applications: Heavy equipment, cars, trucks, RVs, floors, walls, building exterior, tanks, tanker trucks, railroad cars, buses, airport runways.*

## FEATURES / USER BENEFITS

### ■ Non-Toxic

*Safe to use; protects your pressure washer*

### ■ High Alkalinity

*More effective cleaning in the removal of grease, oils and fats*

### ■ Biodegradable

*Peace of mind that it's safe to use*

### ■ Works with Hard Water

*Contains wetting agents that cut through hard water barriers*

### ■ Fast Acting

*Formulated to cut grease and suspend oils quickly*

### ■ Deep Cleaning

*Non-butyl-based blend delivers deep cleaning action*

### ■ Corrosion Inhibitors

*Helps prevent flash rusting*

**EXCLUSIVE  
MULTI-METAL  
CORROSION  
INHIBITOR  
PACKAGE**

*A powder compound with buffered alkalinity and a blend of water softening agents for fast removal of soils and grime. L-9115 is biodegradable, solvent-free and very stable in hard water. Works in car wash systems as well as pressure washers. Corrosion inhibitor package helps prevent flash rusting.*

*Kosher approved*

## Technical Data

Color ..... Yellow powder  
Odor ..... None  
Specific Gravity ..... 1.0  
pH (5% Solution) ..... 12.1  
Boiling Point ..... N/A  
Vapor Pressure ..... N/A  
Vapor Density (Air=1) ..... N/A  
VOC Content ..... < 1 gram  
Solubility in Water ..... Soluble  
Reactivity in Water ..... None  
Melting Point ..... 212° F  
Foam Level ..... 170 - 190 ml  
Total Alkalinity ..... 5.0 ml  
Freeze Thaw Stable ..... Yes  
Hard Water Stable ..... Yes  
Insolubles ..... None  
Shelf Life ..... 1-Yr Minimum  
in closed container  
Materials to Avoid ..... None

*Engineered Specifically for Pressure Washers and Features  
Landa's Exclusive Multi-Metal Corrosion Inhibitor Formula*

### SPECIAL FEATURES:

L-9115 is a powdered compound, with buffered alkalinity and a blend of water softening agents for fast removal of soils and grime on vehicles.

It is biodegradable, solvent-free and very stable in hard water, a feature that makes it especially popular for use in car wash systems as well as pressure washers.

Because it contains Landa's exclusive, multi-metal corrosion inhibitor formula, L-9115 is compatible with ferrous and non-ferrous metals and helps prevent flash rusting while cleaning.

It also has a quick-release surfactant system that lets go of oil quickly so it is compatible with wash-water recycling systems.

L-9115 can be used safely on virtually every surface, including aluminum, stainless steel, glass, plastic, paint and fine automotive paint finishes. It is ideal for vehicle wash facilities where it can be used on tractor-trailers, heavy equipment, shop floors, metal or plastic tanks, RVs, trucks, and autos.

### CAUTION:

May cause eye burns. Avoid prolonged or repeated contact with skin. Harmful if swallowed. Use with adequate ventilation.

### DIRECTIONS FOR USE:

**Read Material Safety Data Sheet thoroughly before using this product.** For general use, mix with water at a ratio of 1 pound per 5 gallons of water, then apply through pressure washer for a final dilution rate of 20:1. Adjust dilution depending on severity of cleaning situation. Pre-treat stubborn areas with a concentrated solution.

**Apply with a Hot or Cold Water Pressure Washer:** Pressure washers use an injector and mix the detergent into the water spray at a rate of about 15:1. Consult your Landa Dealer for detergent metering specifications. When using a pressure washer, wash from the bottom up (applying detergent) and rinse from the top down.

### FIRST AID:

**EYES:** Immediately flush with water for 15 minutes. Get medical attention immediately.

**SKIN:** Wash thoroughly with water. Get medical attention if irritation persists.

**INTERNAL:** DO NOT induce vomiting. Drink water. Get medical attention immediately.

**KEEP OUT OF REACH OF CHILDREN  
FOR INDUSTRIAL USE ONLY  
KEEP FROM FREEZING**
