# RoadShow™

## Vehicle Cleaner

### APPLICATIONS:

- Tractor-Trailers
- Engine Degreasing
- Farm Equipment
- Floors

*Other applications: Heavy equipment, cars, trucks, RVs, floors, walls, building exteriors, tanks, tanker trucks, railroad cars, buses, airport runways.*

### FEATURES / USER BENEFITS

#### ■ Non-Caustic

*Safe to use; protects your pressure washer.*

#### ■ High Dilution Ratio

*Up to 100:1 means more economical cost-in-use*

#### ■ Biodegradable

*Peace of mind that it's safe to use*

#### ■ Versatile

*Works with hard or soft water; quick-release surfactant compatible with recycling systems*

#### ■ Fast Acting

*Formulated to cut grease and suspend oils quickly*

#### ■ Deep Cleaning

*Non-butyl-based blend delivers deep cleaning action*

#### ■ Corrosion Inhibitors

*Helps prevent flash rusting*

*A highly concentrated yet non-caustic detergent engineered for removing grease, oil and road film from tractor-trailers. Safe to use on aluminum, stainless-steel, glass, paint and even fine automotive paint finishes. Helps prevent rusting with Landa's exclusive, advanced corrosion inhibitors.*

This product contains less than  
1 gram of VOC per liter

## Technical Data

Specific Gravity	1.03
pH (5% Solution)	11.8
Boiling Point	> 212° F
Vapor Pressure	.23mm/hg @ 70° F
Vapor Density (Air=1)	1.2
VOC Content	Trace
Solubility in Water	Soluble
Reactivity in Water	None
Melting Point	32° F
Foam Level	170 - 190 ml
Total Alkalinity	1.1 ml
Freeze Thaw Stable	Yes
Hard Water Stable	Yes
Insolubles	None
Shelf Life	1-Yr Minimum in closed container

*Engineered Specifically for Pressure Washers with LANDA's  
Exclusive Multi-Metal Corrosion Inhibitor Formula*

## SPECIAL FEATURES:

RoadShow is an extra-strength, highly concentrated, non-butyl vehicle wash formulated to quickly and effectively remove dirt, grime, grease and road film from all types of road vehicles. RoadShow is biodegradable.

It is engineered specifically to be metered through a hot- or cold-water pressure washer. The dilution ratio makes the cost-in-use very economical.

Because it contains LANDA's exclusive, multi-metal corrosion inhibitor formula, RoadShow is compatible with ferrous and non-ferrous metals and helps prevent flash rusting while cleaning.

It also has a quick-release surfactant system that lets go of oil quickly so it is compatible with wash-water recycling systems.

RoadShow can be used safely on virtually every surface, including aluminum, stainless steel, glass, plastic, paint and fine automotive paint finishes.

RoadShow is ideal for vehicle wash facilities where it can be used on tractor-trailers, heavy equipment, shop floors, metal or plastic tanks, RVs, trucks, and autos.

## DIRECTIONS FOR USE:

**Read Material Safety Data Sheet thoroughly before using this product.** For general use, mix with water at a 100:1 dilution rate. Adjust dilution depending on severity of cleaning situation. Pre-treat stubborn areas with a concentrated solution.

**Apply with a Hot or Cold Water Pressure Washer:** Pressure washers use an injector and mix the detergent into the water spray at a rate of about 15:1. Consult your LANDA dealer for detergent metering specifications. When using a pressure washer, wash from the bottom up (applying detergent) and rinse from the top down.

## CAUTION:

May cause eye burns. Avoid prolonged or repeated contact with skin. Harmful if swallowed. Use with adequate ventilation.

## FIRST AID:

**EYES:** Immediately flush with water for 15 minutes. Get medical attention immediately.  
**SKIN:** Wash thoroughly with water. Get medical attention if irritation persists.  
**INTERNAL:** DO NOT induce vomiting. Drink water. Get medical attention immediately.
